**RESOLUTION T-16995. Request for Reinstatement of Certificate of Public Convenience and Necessity Held by Affinity Networks, Incorporated (U-5229-C) Due to Administrative Error**

---

**Summary**

This Executive Director Resolution reinstates the Certificate of Public Convenience and necessity held by Affinity Networks Incorporated. It was revoked by administrative error.

**Background**

Affinity Networks Incorporated was originally certificated as an Interexchange Carrier in D.91-03-012.

The certificate was voluntarily revoked by mistake in Resolution T-16911 on November 18, 2005. Subsequent to that date, the company filed an advice letter, and the error was discovered at that time.

**Discussion**

Telecommunications Division recommends that the certificate be reinstated.

This is an uncontested matter in which the resolution grants the relief requested. Accordingly, pursuant to PU Code Section 311 (g)(2), the 30-day period for public review and comment is being waived.

**Findings**

1. Affinity Network Incorporated was originally certificated in D.91-03-012.
2. The company's Certificate of Public Convenience and Necessity was revoked by administrative error.
3. The company's CPCN should be reinstated.

**THEREFORE, IT IS ORDERED that:**

1. The Certificate of Public Convenience and Necessity granted to Affinity Network Incorporated is reinstated.
2. The company's Utility Identification Number (U-5229-C) shall be retained by the company.

This Resolution is effective today.

I hereby certify that this Resolution was adopted by Executive Action Resolution on February 2, 2006.
